Abdomen
Cardiac risk index as a predictor of long-term survival after repair of abdominal aortic aneurysm, 103
Colon trauma: further support for primary repair, 16
Complications of abdominal operations for malignant disease, 341
Complications of negative laparotomy for trauma, 544
Emergency operation in patients with symptomatic abdominal aortic aneurysms, 470
Identification of abdominal aortic aneurysm patients with different clinical features and clinical outcomes, 466
Intraabdominal operations in patients with leukemia, 51
Selective use of retroperitoneal aortic exposure in the emergency treatment of ruptured and symptomatic abdominal aortic aneurysms, 108
Tube graft replacement of abdominal aortic aneurysm, 119
Acquired immune deficiency syndrome
Is parotid lymphadenopathy a new disease or part of AIDS? 297
Adenoma
Preoperative localization of parathyroid adenomas, 323
Adolescents
Adenocarcinoma of the colon in adolescents, 460
Advances in Surgical Technologies. Guide to Medical Equipment and Supplies
An overview (E), 1B
Biliary lithotripsy, 5B
Duplex scanning for carotid artery disease: is angiographic confirmation required? 2B
Endoscopic ligation of esophageal varices, 9B
Needle localization breast biopsy: accuracy versus cost, 13B
Pneumatic compression stockings to prevent deep vein thrombosis, 16B
AIDS
Is parotid lymphadenopathy a new disease or part of AIDS? 297
Alcohol
Behavior of plasma phospholipase A_2 activity in experimental acute pancreatitis according to diet, 47
Clinical criteria for identifying early oral and oropharyngeal carcinoma: erythroplasia revisited, 273
Importance of cause in the outcome of pancreatic pseudocysts, 159
Major injury as a unique opportunity to initiate treatment in the alcoholic, 558
Allografts
Hyperuricemia after renal transplantation, 397
Aminoglycosides
Use of serum drug concentrations in surgical patients, 68
Amputation
A comparison of diabetics and nondiabetics with threatened limb loss, 481
Fasciotomy after trauma to the extremities, 533
Thrombolytic therapy in acute arterial thrombosis, 488
Traumatic injuries of the brachial artery, 553
Amylase
Behavior of plasma phospholipase A_2

activity in experimental acute pancreatitis according to diet, 47
Anastomotic strength
Impact of long-term relative bowel rest on conditions for colonic surgery, 381
Anesthesia
Needle localization breast biopsy: accuracy versus cost, 13B
Anesthetic agents
New perspectives on anesthetic agents, 406
Aneurysms
Cardiac risk index as a predictor of long-term survival after repair of abdominal aortic aneurysm, 103
Emergency operation in patients with symptomatic abdominal aortic aneurysms, 470
Identification of abdominal aortic aneurysm patients with different clinical features and clinical outcomes, 466
Selective use of retroperitoneal aortic exposure in the emergency treatment of ruptured and symptomatic abdominal aortic aneurysms, 108
Tube graft replacement of abdominal aortic aneurysm, 119
Angiography
How accurate are ventilation-perfusion scans for pulmonary embolism? 475
Antacids
Pathogenesis, prophylaxis, and treatment of stress gastritis, 437
Antibody, monoclonal
Editorial comment (E), 392
Radioimmunoguided surgery using monoclonal antibody, 386
Anticoagulation
Noninvasive imaging for deep venous thrombosis, 474
Antigens
Surgery, recall antigens, immunity, and bacillus Calmette-Guerin vaccination (E), 1
Antineoplastic drugs
Intraabdominal operations in patients with leukemia, 51
Anus
Who's afraid of the dentate line? The Whitehead hemorrhoidectomy, 182
Aorta
Aortobrachiocephalic reconstruction, 100
Cardiac risk index as a predictor of long-term survival after repair of abdominal aortic aneurysm, 103
Emergency operation in patients with symptomatic abdominal aortic aneurysms, 470
Identification of abdominal aortic aneurysm patients with different clinical features and clinical outcomes, 466
Selective use of retroperitoneal aortic exposure in the emergency treatment of ruptured and symptomatic abdominal aortic aneurysms, 108
Tube graft replacement of abdominal aortic aneurysm, 119
Aortic arch
Aortobrachiocephalic reconstruction, 100
APACHE II
A comparison of multiple-parameter prognostic systems in acute pancreatitis, 492
Arms
Fasciotomy after trauma to the extremities, 533
Neurovascular injuries of the thoracic outlet and axilla, 115
Thoracic outlet syndrome, 54
Traumatic injuries of the brachial artery, 553
Arterial insufficiency
Reoperative carotid surgery, 346
The demise of primary profundaplasty, 126
Arteries
A comparison of diabetics and nondiabetics with threatened limb loss, 481
Analysis of 18 recent cases of penetrating injuries to the common and internal carotid arteries, 96
Aortobrachiocephalic reconstruction, 100
Distal splenorenal shunt: standard procedure for elective and emergency treatment of bleeding esophageal varices, 169
Does intracranial dye study contribute to evaluation of carotid artery disease? 87
Do operative results justify tibial artery reconstruction in the presence of pedal sepsis? 144
Duplex scanning for carotid artery disease: is angiographic confirmation required? 2B
Durability of the tibial artery bypass in diabetic patients, 133
How accurate are ventilation-perfusion scans for pulmonary embolism? 475
Identification of abdominal aortic aneurysm patients with different clinical features and clinical outcomes, 466
Is Duplex follow-up cost-effective in the first year after carotid endarterectomy? 91
Neurovascular injuries of the thoracic outlet and axilla, 115
Popliteal artery injury complicating arthroscopic menisectomy, 136
Reoperative carotid surgery, 346
The demise of primary profundaplasty, 126
Thrombolytic therapy in acute arterial thrombosis, 488
Traumatic injuries of the brachial artery, 553
Arteriography
Duplex scanning for carotid artery disease: is angiographic confirmation required? 2B
Arthroscopy
Popliteal artery injury complicating arthroscopic menisectomy, 136
Atherosclerosis
Durability of the tibial artery bypass in diabetic patients, 133
Identification of abdominal aortic aneurysm patients with different clinical features and clinical outcomes, 466
Is Duplex follow-up cost-effective in the first year after carotid endarterectomy? 91
Axilla
Neurovascular injuries of the thoracic outlet and axilla, 115
Bacillus Calmette-Guerin
Surgery, recall antigens, immunity, and bacillus Calmette-Guerin vaccination (E), 1
Bacteria
Atypical surgical infections, 522
Gastric juice factors after Roux-Y reconstruction compared with Billroth II partial gastrectomy, 21
Morbidity and mortality of an endemic pathogen methicillin-resistant Staphylococcus aureus, 524
Bile
Editorial comment (E), 33
Triglyceride and cholesterol content in bile, blood, and gallbladder wall, 26
Bile acids
Gastric juice factors after Roux-Y reconstruction compared with Billroth partial gastrectomy, 21
Biliary tract
A four-technique comparative study of orthotopic liver transplantation in the rat, 209
Biliary lithotripsy, 5B
Cholecystectomy in the elderly, 509
Complications requiring operative intervention after orthotopic liver transplantation, 513
Delayed operative therapy for bleeding esophageal varices fails to improve Child's class or indices of liver function, 502
Editorial comment (E), 372
Hepatic resection for primary and metastatic tumors, 368
Percutaneous transhepatic endoprostheses for hilar cholangiocarcinoma, 363
Role of nontransplantation procedures for sclerosing cholangitis, 506
The timing of surgery for acute gallstone pancreatitis, 393
Triglyceride and cholesterol content in bile, blood, and gallbladder wall, 26
Billroth II gastrectomy
Gastric juice factors after Roux-Y reconstruction compared with Billroth II partial gastrectomy, 21
Biopsy
Biopsy of nonpalpable breast lesions, 453
Diagnosis of pulmonary masses by fine-needle aspiration, 441
Influence of mastectomy technique on sex steroid receptor analysis, 446
Needle aspiration biopsy of palpable breast masses, 450
Bleeding
Delayed operative therapy for bleeding esophageal varices fails to improve Child's class or indices of liver function, 502
Distal splenorenal shunt: standard procedure for elective and emergency treatment of bleeding esophageal varices, 169
Venous complications of sclerotherapy for esophageal varices, 497
Blood
Behavior of plasma phospholipase A_2 activity in experimental acute pancreatitis according to diet, 47
Correlation of clinical findings with venous hemodynamics in 386 patients with chronic venous insufficiency, 148
Editorial comment (E), 33
Increased platelet count as a screening test for distal splenorenal shunt patency, 29
Intraabdominal operations in patients with leukemia, 51
Midgraft curettage as a routine adjunct to salvage operations for thrombosed polytetrafluoroethylene hemodialysis access grafts, 139
Triglyceride and cholesterol content in

bile, blood, and gallbladder wall, 26
Use of serum drug concentrations in surgical patients, 68
Blood transfusions
Editorial comment (E), 380
Perioperative blood transfusions and prostate cancer recurrence and survival, 374
Bones
Effects of radiotherapy on mandibular reconstruction plates, 261
Enhancement of rehabilitation by use of implantable adjuncts with vascularized bone grafts for mandible reconstruction, 243
Reconstruction of posterior neck and skull with vertical trapezius musculocutaneous flap, 248
Books
Book reviews, 77, 224, 562
Bowel rest
Impact of long-term relative bowel rest on conditions for colonic surgery, 381
Breast
Biopsy of nonpalpable breast lesions, 453
Eliminating the dog-ear in modified radical mastectomy, 401
Influence of mastectomy technique on sex steroid receptor analysis, 446
Is this scrub necessary? (E), 335
Needle aspiration biopsy of palpable breast masses, 450
Needle localization breast biopsy: accuracy versus cost, 13B
The National Cancer Institute's clinical alert on breast cancer: why the hurry? (E), 153
Burns
Morbidity and mortality of an endemic pathogen methicillin-resistant Staphylococcus aureus, 524
Surgical complications of thermal injury, 556
Bypass
Aortobrachiocephalic reconstruction, 100
Do operative results justify tibial artery reconstruction in the presence of pedal sepsis? 144
Duplex imaging of in situ saphenous vein bypass grafts prevents late failure, 484
Durability of the tibial artery bypass in diabetic patients, 133
Calculi
Biliary lithotripsy, 5B
Editorial comment (E), 33
Importance of cause in the outcome of pancreatic pseudocysts, 159
The timing of surgery for acute gallstone pancreatitis, 393
Triglyceride and cholesterol content in bile, blood, and gallbladder wall, 26
